**THE 19TH CHINA MINING EXHIBITION**

## Brief Introduction

China International Mining Exhibition, which focus on gathering the innovative products & technologies and professionals of mining industry for building a communication platform and business opportunities. We organization committee devotes assiduously to promoting the development of mining industry upgrading and innovation.

Since 2003 year , by 20+ years' development and cultivation, China International Mining Exhibition has been a top brand exhibition on mining industry. At the exhibition, the participants can display, see and touch the cutting-edge products and technologies, learn more about mining industry trends in a short time.

2025 China International Mining Exhibition will be held at 7-9, August, 2025. It is expected to have more than 650 exhibitors from about 23 countries and regions around the world, with the exhibition area of reaching 60000 square meters, as well as visitors break through 100000 person-times. The exhibiting products cover: mining enterprises image and brands, green mining and smart mining, geological and mining exploration technical equipment, mining technology & equipment, mineral processing, mineral smelting technology equipment, mine safety & rescue, mine environmental protection & energy-saving, relative mining technologies, auxiliary mechanical and electrical equipment, mining services, etc.

The exhibition will continue its efforts on increasing publicity and promoting influence. There will be numbers of co-located technical seminars and activities at the exhibition, which can offer participants face-to-face communication opportunities for sharing experiences and information. People who are working on mining are welcome to participate 2025 China international mining exhibition.
